INTRODUCTION

About your Personal Reading

This reading was composed for you personally, Bill, and is based on your full name at birth, your date of birth, and the name you now use to introduce yourself. Please check your birth data on the title page to make sure the names and date of birth used are correct.

If you have two or more middle names or last names, you may find the names strung together. This is necessary to make Transit and Essence cycles function correctly. For example, the name John Patrick Henry Hancock would appear on the title page as John PatrickHenry Hancock.

Bill, your Personal Numerology Reading describes all aspects of your chart as they are understood in numerology, accurately and in-depth.

Each chapter starts with a short introduction telling you where this particular number is found and how it affects you. This is followed by the number itself. Often, you will find a double digit number followed by a single digit.

The meaning of your number is then explained in easy to read language. Bill, you don't need to know anything about numerology to be able to enjoy and benefit from this reading.

I hope you will enjoy your reading.

LIFE PATH

If ever there was a moment of total transformation, it was the moment of your birth. In that instant, you stepped through a door in time into a new reality -- the reality of human life. The most important number in your numerology chart is based on the date of your birth, the moment when the curtain goes up in your life.

Even at that moment, you were a person with your own unique character, as unique as your DNA. Everything that is you existed in potential, much like a play that is about to begin. Your entire life exists as a potential that has been prepared for. Bill, you have ultimate freedom to do with your life as you like: To fulfill its potential completely, or to make some smaller version of yourself. It all depends upon your effort and commitment. You make the decisions to fulfill, to whatever extent, the potential life that exists within you. That is your choice. In this sense, the possible you is implicit during the moment of your birth.

The Life Path number gives us a broad outline of the opportunities, challenges, and lessons we will encounter in this lifetime. Your Life path is the road you are traveling. It reveals the opportunities and challenges you will face in life. Your Life Path number is the single most important information available in your Personality

Chart!

Your Life Path is 11/2

Bill, you have the potential to be a source of inspiration and illumination for people. You possess an inordinate amount of energy and intuition. There is so much going on in your psyche that you are often misunderstood early in life, making you shy and withdrawn. You have far more potential than you know.

You galvanize every situation you enter. You inspire people, but without your conscious effort. Energy seems to flow through you without your controlling it. This gives you both power and sometimes emotional turmoil.

You are a channel for information between the higher and the lower, between the realm of the archetype and the relative world. Ideas, thoughts, understanding, and insight -- all of these can come to you without your having to go through a rational thought process. There seems to be a bridge, or connection, between your conscious and unconscious realms, attuning you to a high level of intuition through which even psychic information can flow.

All of this amounts to a great capacity for invention. Many inventors, artists, religious leaders, prophets, and leading figures in history have had the 11 prominent in their chart.

Because you are so highly charged, you experience the consequences of a two-edged sword. You possess great abilities, but indulge in much self-reflection and self-criticism. You often feel highly self-conscious. You are aware on some level that you stand out. Even when you try to blend with your environment, you often feel conspicuous, alien, and out-of-place.

Bill, you are blessed with a message, or a specific role to play in life. But you must develop yourself sufficiently to take full advantage of that opportunity. Until that time, your inner development takes precedence over your ability to materialize the great undertaking you were chosen to perform. Consequently, 11s seem to develop slowly, but they simply have more to accomplish in their evolution than the average person. Thus, your real success does not usually begin until maturity, between the ages of 35 and 45, when you have progressed further along your path.

You may often be frustrated, largely because you have extremely high expectations of yourself. But these expectations can be unrealistic, and can prevent you from accomplishing anything. You can be very impractical, envisioning a skyscraper when all that was necessary was a two-story house.

You may also suffer from bouts of confusion and lack of direction. This gives rise to loss of confidence and the onset of deep depression. The cause of these emotional problems is your lack of understanding of your own sensitivity and potential. Your desire to achieve some great ambition is enormous. However, a lack of confidence in your own ability to realize this dream may cause you much

frustration. You sense the enormous potential you possess, which requires equally enormous confidence in your ability to materialize your dream. Confidence is the key that unlocks your potential.

On a strictly physical level, you must protect your nervous system, which is inordinately vulnerable to stress because of your acute sensitivity. Depression is often the result of long periods of stress that have gone unrelieved. Seek out peaceful and harmonious environments, relaxing music, and follow a healthful diet in order to restore balance and peace.

As an 11 Life Path, you are a highly charged version of the 2 and possess many of the characteristics and talents of that number.

You can be extremely diplomatic and tactful. You are also patient and cooperative. You work well with groups and somehow find a way of creating harmony among diverse opinions. You enjoy music and poetry and require a harmonious environment. You have an eye for beauty and a fine sense of balance and rhythm. You have healing capabilities, especially in such fields as massage, acupuncture, physical therapy, and counseling.

Bill, you are a sensitive and passionate lover; your perceptiveness makes you aware of your partner's needs and desires, which you are able to fulfill with almost magical delicacy. However, when you feel you have been mistreated or jilted, you can react with devastating power, sometimes using personal criticisms vindictively.

You are a fine companion and possess a good sense of humor.

When you have found your niche in life and begun to realize your true potential, your rewards will more than compensate for your trials earlier in life.

BIRTHDAY

The day you were born bears great significance in understanding who you are and where your talents lie. The day of birth indicates some special talent you possess. It is a gift to you that will help you along your Life's Path. Your day of birth is one of your four core numbers -- the Life Path, Expression, and Heart's Desire being the other three. It is the least significant of the four core numbers, but perhaps the most finite, in that it reveals a specific ability you possess in a marked degree.

Your Birthday is 19

Bill, you are highly determined and yearn for independence. You tend to struggle to achieve the degree of self-sufficiency you desire, and may endure considerable frustration in your struggle for independence. The reason: your desire for independence is so strong is that it eclipses so many other balancing perspectives. As the poet John Donne said: "No man is an Island unto himself..."

We are all bits of the main." This is a central lesson in your life: to learn the difference between the dream of independence and the reality of interdependence.

Your challenge is to achieve a wider degree of perspective on yourself and others. Exchange ideas with others, lest you become insulated and isolated by your own perspective. This can become a kind of prison for you.

You can be highly stubborn, which emanates from fear. Try to see that all of life is but an ecosystem, a life cycle delicately balanced in such a way that everyone is supporting.

Bill, you are highly ambitious and have a strong drive for success and power. Although self confident, you like to be encouraged. You are a hard worker and an important fixture in any enterprise in which you are involved. People are attracted to your deep commitment to your work, and the steadiness with which you do it.

You are a pioneer at heart; you are willing to take risks to get what you desire. As such, you are willing to change your environment often, and even enjoy doing so.

You are demonstrative in your affections and willing to sacrifice for others. You are highly idealistic, but if your ideals fail, you can become bitter and negative.

You are very sensitive, with many emotional ups and downs. Bill, you tend to find yourself in dramatic situations, yet you like to control your emotions in public and come off as if everything is under control.

With your determination and inventive and creative mind you have potential for achievement and financial reward!

EXPRESSION

Your Expression number reveals your physical and mental constitution, the orientation or goal of your life. Some numerologists refer to this number as the Destiny, because it represents a lifelong target at which you are aiming. You work at fulfilling this potential every day of your life. Thus, the Expression number reveals your inner goal, the person you aim to be.

The Expression number reveals the talents, abilities, and shortcomings that were with you when you entered your human body. Your name, and the numbers derived from it, reveals your development, as well as the talents and issues you will be working with during this life.

For those for whom reincarnation is an accepted philosophy, the vibration of your full name can be seen as the totality of your personal evolution, the experiences, talents, and wisdom accumulated over many life times. Every experience, no matter how great or small, along this evolutionary path has influenced your development, and brought you to your current state of being.

The Expression is your being; the Life Path is the major lesson you are attempting to learn this time around. Time allows the gradual emergence of your

personality. By reading the Expression number below, you will come to understand your basic nature and the abilities and issues inherent in your being.

Your Expression is 24/6

Bill, you are a loving and caring individual with a tendency to put the needs of others before those of yourself. You are responsible and trustworthy with a high regard for justice and honesty. Duty will follow you all your life and sometimes feel a little too much of a burden.

You are artistic. Harmony and beauty are high on your list of priorities. You have musical talent but the creative talents of a 6 are sometimes left undeveloped or suppressed as a result of your tendency to sacrifice your time and pleasure to the service of others. You are highly creative in all areas of life, particularly the visual. You are also a talented business person and can work methodically toward the realization of your goals.

You have a natural gift with flowers, gardens, and animals. Your love of children has caused numerologists to dub you the "Cosmic Mother or Cosmic Father". The very shape of the 6 resembles and symbolizes "Pregnant with Love".

You are a natural counselor and healer. But you must be careful not to interfere with the freedom of others. You are recognized as an idealist, mainly regarding marriage, friendships and humanity.

The 6 is the most balanced of all numbers, but also contains within itself the greatest paradoxes. It is as if opposite tendencies were tenuously poised. Because of its gift for harmonizing these opposites, you are uniquely qualified to handle and integrate contradictions within yourself. It is for this reason that 6s so frequently find themselves in the role of healers or counselors, creating a peace between opposing points of view, or internal conflicts within the self.

While you can be very idealistic, there may also be a temptation to acquire beautiful objects by improper means. You must also guard against other meddlesome behavior and domestic tyranny, or always having to have your own way in a family dispute.

Conversely, you have it within yourself to understand another person's dilemma and come up with a creative solution. Your natural ability to give comfort and warmth can smooth over hurt feelings like a healing balm. You attract love and appreciation. And rightly so, because you give the same in return.

You make an outstanding teacher (especially young children or special education), healer, counselor social worker, psychologist, artist, designer, gardener, florist, and farmer. You can be successful in business, especially those that involve dealing with people.

MINOR EXPRESSION

The Minor Expression number is based on the current (or short) name; the name you now use to introduce yourself including your last name.

The influence of the short name is minor in comparison to your full name. Interestingly, the short name often compensates in some way for numbers (and their related characteristics) that are missing or out of balance in the full name.

For instance, a number missing in the full name may show up prominently in the short name; or a number (or numbers) that appears in excess in the full name can be compensated for in the short name. If a name change takes place later in life through marriage or for professional reasons, it adds or subtracts certain qualities. It can also focus and intensify existing characteristics or talents that may be latent.

Your Minor Expression is 14/5

Your short name adds considerable flexibility and versatility to your personality. Bill, you now enjoy more travel and adventure. You are more curious about people, new places, and seek out more excitement in life.

You are more dynamic and alive. New and original ideas come quicker to you. You are a good deal more creative. Your verbal skills are increased and your ability as a salesperson or promoter enhanced.

You suffer more when confined by restricted spaces or rigid rules. You yearn for greater freedom of movement and expression. You are more likely to strike out on your own, with your own ideas or methods.

HEART'S DESIRE

Your Heart's Desire is the inner you. It shows your underlying urge, your true motivation. It reveals the general intention behind many of your actions. Consequently, it dramatically influences the choices you make in life. The Heart's desire is seen as part of the larger picture, called the core numbers, which includes the Life Path, Expression, Day you were born, and Personality. But each points to a different aspect of you.

The Expression number reveals your talents and abilities, and your general direction in life. The Life Path is the central lesson you came into the world to learn. The Day you were born is very closely connected to your Life Path. It reveals specific talents you possess, which will be helpful to you in dealing with your Life Path. The Personality reveals how people tend to see you. It also demonstrates what characteristics you are projecting to the world. The Heart's Desire demonstrates the identity of the soul that joined the earth -- you, the spiritual being.

Your Heart's Desire is 11/2

Bill, you have wisdom beyond your years. Even as a child, your understanding of life was considerable, though it likely went unrecognized by others.

You are a born peacemaker. You are driven by a desire to settle conflicts and create harmony. You are a healer and a visionary. You long to make the world a better place, and cannot rest until you have dedicated your life to some worthwhile cause.

Your realm is ideas and philosophy. You are attracted to the world of energy more than to the mechanical or material planes. Philosophy, religion, and less traditional forms of healing are among your specialties.

You are obsessed with the quest for enlightenment.

You are extremely sensitive and possess a high degree of intuition. Subtle messages and feelings of others do not escape your attention. You are powerfully aware of the thoughts and feelings of others. Unless you are well grounded, this can throw you about emotionally. Your awareness can be both a gift as well as a problem, because you so deeply desire to please others and keep harmony in your environment.

Many 11s were born into extremely hostile or turbulent families. This often resulted in psychological pain, lack of confidence, and shyness during childhood. Somehow, the child with an 11 heart's desire recognized the sources of his family's problem. This created an internal conflict for the child, who naturally loved the troubled parent, but could not cope with that parent's behavior.

Therefore, many 11s are scarred early in life. They understand the sufferings of others and seek to be of service in some way.

This is, in fact, the easiest way for you to heal yourself and find your greatest satisfaction.

Bill, you understand the importance of close, loving relationships. Therefore, you are selective in choosing your friends and spouse. You are a romantic, idealistic, but somewhat impractical person. Unless you have other balancing characteristics (as indicated by 1s, 4s, and 8s in your chart), it is wise to team up with a more practical and realistic partner.

You have a magnetic and charismatic personality. You like pondering abstract matters. Your intelligence is electric. Ideas, solutions to problems, and inventions seem to come to you as if out of the blue.

You are highly charged and intense. This can cause nervous tension. You need to care for your nervous system with ample amounts of rest, a peaceful environment, and proper diet -- avoiding extreme foods and drugs.

You are often more concerned with universal justice than with the individual.

The 11 is a master number, possessing great potential. It has been entrusted to you as a gift that you are worthy of. The key is to maintain a hold on your ideals and seek ways to practically implement them.

Bill, you have a specific role and gift to give to the world. This requires time and maturity to fully comprehend. But with patience and perseverance, you will discover why you felt different and even unique as a child. At that time, you will discover that what made you feel weak as a child will make you strong and confident as a mature adult.

MINOR HEART'S DESIRE

The Minor Heart's Desire number is derived from the vowels of your current name; the name you now use to introduce yourself. The current name is a refinement of the more complex qualities of your longer name (the full name at birth). It sharpens and bundles the energies that are reflected by your full name. It intensifies certain aspects of your being, and de-emphasizes others. For this reason, the short name often provides insight into what you truly want in life. It also often reveals the extent of your understanding of what you want from this life. It reveals both your strong desires, and the limits you place upon your potential.

Your feelings about your current name are different from your full name. It affects how you feel about yourself; it changes your identity slightly.

Your Minor Heart's Desire is 15/6

Bill, your short name increases your capacity to radiate warmth, solicitude, and kindness. You are more patient with others and a far better listener. Your willingness to carry the burden of others is increased.

Your Minor Heart's Desire increases your creativity and your domestic instincts. Women feel better at home; men feel more comfortable in the roles of husband, father, and provider.

Your sense of harmony and social consciousness are enhanced. You are better able to settle disputes.

Six is the most balanced of all numbers, in harmony with all other numbers. Very few people with 6s in prominent places stray very far from their true natures.

PERSONALITY

Your Personality number is derived from the consonants of your full name at birth. Your Personality is like a narrow entrance hall to the great room that is your true nature. It is those aspects that you feel comfortable sharing with people at the outset of a relationship. With time and trust, you invite others into the deeper aspects of your nature; you reveal more of who you really are, in effect, your Heart's Desire, Expression, and so on.

Your Personality number often serves as a censoring device, both in terms of

what you send out, as well as what you allow to approach. It discriminates in the kinds of people and information you let enter your heart and mind. For this reason, your Personality is usually much more narrow and protective in its definition than the real you. It can screen out some of what you do not want to deal with -- people or situations -- but it also welcomes those things that immediately relate to your inner nature.

Your Personality number also indicates how others perceive you. No one can be objective about himself or herself. Even our closest friends and relatives have trouble describing how they see us.

Your Personality is 13/4

Bill, you radiate reliability and consistency. People trust you and feel secure with your judgment. You are seen as a cornerstone of a business and are relied upon to do your work efficiently and expertly.

You have strength and respectability. You tend to dress in a utilitarian manner, concerned mostly with convention, practicality, durability, and price. You present yourself as someone who values correctness, control, and precision.

All of this stems from the fact that your most prized characteristic is your work. You want to be judged on the basis of your performance, rather than your appearance.

You are frugal and have learned to respect a dollar. You are concerned about the security of your future and those you love. However, this may appear to others as a bit too austere.

You tend to wear earth colors and conventional attire. You could benefit by putting a little flair in your dress. Wear more uplifting colors. Loosen your dress with less severe lines. If you wear a brown suit, include a bright tie or some jewelry.

You are a family person. You love the intimacy, consistency, and the security a family provides. You are a good provider and protector. But family members may take your efforts for granted.

Bill, you are a true patriot. You love your country and are an integral part of your community. Your consistency and adherence to your well-laid plans usually pays off in a comfortable and secure future.

MATURITY

Your Maturity number indicates an underlying wish or desire that gradually surfaces around age thirty to thirty-five. This underlying goal begins to emerge as you gain a better understanding of yourself. With self-knowledge comes a greater awareness of who you are, what your true goals in life are, and what direction you want to set for your life. This, in a nutshell, is the gift of maturity:

You no longer waste time and energy on things that are not within your own special identity.

No matter what your age is at present, your life is being channeled in a specific direction, toward a very specific goal. That goal can be seen as a reward or the fulfillment of a promise that is implicit in your current efforts, often without your knowing it consciously. While the characteristics of this number are usually visible during childhood, we tend to lose sight of these aspects until later in life. But our lives are always being affected by this influence, nonetheless.

Your Maturity number begins to have a more profound impact on your life after the age of 35. The influence of the number increases steadily as you grow older.

Your Maturity is 8

As you mature, Bill, you will grow in success and financial reward. You will find yourself deepening your commitment to your work. You will find it easier to overcome difficulties that manifest in your path. Your capacity to use power will grow; you will be recognized as a pillar of influence and dependability within your community.

You will have to be strong and self-disciplined to avoid sudden painful material losses. Beware of ego-inflation, the surest symptom of an imminent fall.

The 8 Maturity Number requires a certain degree of detachment from material success; otherwise it will rule your personality, and make money an obsession. Detachment allows you to remain focused on the higher values of mankind. One of your important motivations should be a desire to build, create, or market in order to enjoy the game of business.

Bill, your wisdom and sheer common sense are recognized by many and will attract important positions. It is possible that you will be given responsibility for the care and management of other people's property. You may also be asked to guide large institutions.

If you already have several 8s in your chart, especially in the core numbers, you will have to guard against selfishness, accumulation for the sake of status, and greed. If you have few 8s in your chart, or none at all, your opportunity to achieve the success and financial independence is greatly increased.

L/E BRIDGE

The Bridge numbers in your chart are the numbers that indicate how you can make the relationship between the individual core numbers in your chart easier and more compatible. Bridge numbers have the potential to "close the gap" between the Life Path and Expression number, or the Heart's Desire and Personality number.

In this chapter we will explain what you can do to make your talents, strengths,

and specific abilities (Expression number) more easily available and fitting the needs of your main lesson(s), and expected direction of growth (Life Path).

Your Life Path / Expression Bridge number is 4

Avoid procrastination, Bill. Try to be more reliable and punctual. Be practical, methodical, and systematic in your endeavors. Keep track of details; avoid chaos. Work on the basics of life. Physical and outdoor activities bring you closer to yourself, so get out in nature, work in the garden, or build a fence.

H/P BRIDGE

Several Bridge numbers can be found in your chart. The Bridge number between the Life Path number and the Expression number was described earlier in your reading. The following Bridge number relates to your Heart's Desire number and your Personality number. This Bridge number, the Heart's Desire - Personality bridge, explains how you can make your deeper self -- your needs and desires, your true nature -- more aligned with the part of your personality others tend to recognize when they meet you. With a little exaggeration, you could say that your Personality number is somewhat like your mask. It is the more superficial you; a protective shield and a camouflage of the deeper you. You can easily imagine how much more comfortable, and less self-conscious, the experience of life becomes when your deeper and more real you is closer and more fitting to the personality you reveal on a day to day basis.

Your Heart's Desire / Personality Bridge number is 2

Be more sensitive to the needs and expectations of others. Do not rock the boat too often, but keep the peace and try to make things run smoothly. You have to use your ability to influence others with gentle diplomacy, instead of confrontations. Be more cooperative.

KARMIC LESSONS

Numerology is based on the understanding that we enter life with certain strengths and weaknesses. Karmic lessons are areas that we are currently weak in and must be faced and worked on in this life. There can be more than one Karmic Lesson. These are indicated by the absence of certain numbers in your name.

The letters and numbers of your name point to talents and abilities that you possess. These characteristics can be compared to a workshop in which certain tools are available to you. Missing numbers, those that are not represented in the

letters in your name, imply tools that are unavailable, and must be learned and mastered during this lifetime.

You may well recognize your Karmic Lessons as weaknesses you have learned to overcome in the course of your life, however, the challenges implied in your Karmic Lessons will continue to come up occasionally for the rest of your life.

(There are no Karmic Lessons hidden in your name.)

HIDDEN PASSION

Your Hidden Passion reveals one or more special strengths and talents that you rely upon and are available to you. The Hidden Passion represents your specific field of expertise, or a concentrated talent.

Metaphorically, this talent can be seen as having a power all its own to shape your life. Its existence gives you a strong desire to develop and to express that particular ability. Having the talent demands that you express it, that you experience this part of you, and that you live according to its nature. In this way, the Hidden Passion shapes your personality, and guides your life.

Your Hidden Passion is 5

Bill, you love travel, change, and new challenges. You are highly adaptable and versatile. You have a talent for languages, and are generally good with words. Writing, promotion, and public relations work suit you perfectly.

You are sensual and a bit impulsive. You love to satisfy your senses, which can get you into trouble. Overindulgence in food, drink, sex, and drugs are common among people with too many 5s -- six or more.

You are resourceful and original. You have a good sense of humor and a quick tongue.

Your desire for freedom is extremely strong and it will take effort and discipline to stick with whatever it is you started. There is a tendency to give up a project or situation prematurely.

Bill, you may be interested in too many things, which can make it hard for you to apply yourself to one area successfully.

You are very unconventional.

Commitment in relationships and your work is fundamental to your happiness. You may have a tendency to wander from person to person, job to job, making depth of relationship or deep expertise difficult.

PLANES OF EXPRESSION

Each of us experiences life on four different levels: with our physical body; our mental faculty; our emotional makeup; and our intuition. Each of these areas has a specific means of perceiving information. The physical body is capable of touch, taste, pleasure, and pain. It provides us with a sense of the physical world. The mental body, like the emotional and intuitive natures, perceives the invisible worlds. Our minds deal with the world of thought. The heart, of course, is preoccupied exclusively with the world of emotion. Our feelings teach us many things about ourselves and about others. Finally, we have the capacity for direct contact with the higher realms by way of intuition. Intuitive insight comes in a flash. It is not rational -- that is the world of the mental plane -- but comes as if it were placed at the doorstep of our minds. Intuition, therefore, bypasses all effort.

These four faculties exist in all of us. But each of us depends more on one or two of them for the bulk of our knowledge. Some of us are possessed by our senses, while others live almost exclusively in our hearts, or minds.

Numerology indicates how we as individuals function on each plane.

The letters of the alphabet are divided in four categories: physical, mental, emotional and intuitive.

The proportion of each category in your name gives a good indication of which Planes of Expression are strongest in you, and which ones are weaker.

These Planes of Expression can greatly help you to understand your talents and abilities.

PLANE OF EXPRESSION PHYSICAL

Your Plane of Expression Physical is 15/6

Bill, you combine practicality and artistry. Many successful artists are found with this number on the Physical Plane.

Teaching and healing come natural to you. Your appreciation of beauty and art is visible in your surroundings.

You are an excellent marriage partner. Parenthood is very satisfying for you as is the simple act of service to anyone you come in contact with.

You are a loving and emotional person. Also, you are very curious about the lives of others. This can get you into trouble, however, especially if you confuse service with interference.

You are idealistic and imaginative.

PLANE OF EXPRESSION MENTAL

Your Plane of Expression Mental is 24/6

Bill, you have the mind of a poet, writer, or actor. You see life in artistic terms.

Teaching and healing come natural to you.

You carry much responsibility and are very dependable. You fulfill your obligations. Your appreciation of beauty and art is visible in your surroundings.

Your prospects for success in business are excellent, due to your practical and responsible behavior.

PLANE OF EXPRESSION EMOTIONAL

Your Plane of Expression Emotional is 29/2

Bill, you are highly emotional, intuitive, and extremely sensitive to your environment. You have a tendency to go up and down emotionally with whatever is the overriding stimulus in your surroundings.

You are overly concerned with the opinions of others.

You are highly aware of what others are thinking. You perceive their motivations and hidden feelings.

You enjoy, and even need, beauty and harmony around you. You are very tactful and diplomatic. You have a gift for saying the right thing at the right time.

Bill, you are extremely vulnerable to stress. You can experience much nervous tension and if not properly cared for can suffer some type of nervous disorder.

You have a subtle mind and talent as a healer and counselor.

PLANE OF EXPRESSION INTUITIVE

Your Plane of Expression Intuitive is 10/1

Bill, you are highly intuitive with flashes of insight. You probably attribute most of your thoughts to your mental capabilities, but in fact your insights come from another, higher resource.

BALANCE

People experience different internal responses to life's challenges. Some withdraw from difficult situations to think them through; others withdraw from their emotions, to try and keep themselves from feeling anything. Some explode with emotions, but allow the explosion to pass quickly. Others linger with their feelings, holding on to them well past the time they should have let them go.

Very often, these are conditioned or emotional responses that emerge without thought or analysis. Maturity and self-development help us to learn new and more effective methods of handling our world and the problems we confront. Your Balance number provides you with the guidance on how best to deal with difficult

or threatening situations.

Your Balance is 8

Use your considerable power in a balanced way Bill. You may use power in a manipulative way, rather than confront people on principle.

Use your power in a higher way, namely, by accepting personal responsibility for the issue and its solution. Bill, you have enormous creativity and the leadership to find an answer to almost any problem.

Try not to force your own solution upon groups, but include their concerns and ideas in the larger solution that you can bring about. Bill, learn to use power for the good of all.

RATIONAL THOUGHT

Your Rational Thought number reveals what can probably best be described as the way you think. Are you a practical, methodical thinker, or a dreamer? Do you frequently allow your imagination to color your perception? Are you unconventional and original in the face of a practical problem, or do you stick to proven methods?

This is the kind of information revealed through your Rational Thought number.

Your Rational Thought is 53/8

Bill, you are the visionary, and you focus on the larger picture. You ignore the details in favor of spectacular solutions. You love to blow someone's mind.

You understand the balance between the rational and the irrational, and you have no problem combining the two.

You have a vivid imagination and you are often surprised that others don't immediately grasp a concept that seems clear and logical to you.

You have little patience when others allow fear and caution to slow down a project.

CORNERSTONE

The first letter of your first name gives an additional indication to your character, particularly as to the manner in which you approach opportunities and obstacles. The first letter is called your Cornerstone.

Your Cornerstone is W

Bill, you have intuition, determination and a strong sense of purpose. You like

to be involved in many activities. You need change and like to meet new people. You have charisma. You provide stimulating company. You have excellent self expression and are very creative. There is, however, a tendency to procrastinate and cut corners.

SUBCONSCIOUS SELF

Your Subconscious Self reveals how you react to demanding situations. It indicates your ability to get the most out of your talents and opportunities, especially when you face new or challenging circumstances. The Subconscious Self also reveals the areas of our character that need to be strengthened.

Your Subconscious Self is 9

Bill, you are somewhat impersonal and may be difficult to get to know. You are not demonstrative of your affections, though you often have deep feelings and great compassion. You are competent and controlled in any situation. You have no specific Karmic Lessons and are therefore not as vulnerable to Life's ups and down's as others.

CHALLENGES

Each of us is born with both strengths and weaknesses. Numerology looks at life as if it were an educational process that is meant to bring out and enhance our talents, and turn our weaknesses into strengths. This serves to complete our being.

The job of becoming whole is one in which we must face our weaknesses and consciously work to improve ourselves. There are four Challenges to be faced during our lives. For many of us, the same challenge is repeated, while others have four distinctly different lessons to learn.

The Challenges on your life's path provide specific lessons that you must attend to, and, in order to inspire and help you, life will place you in situations that require the specific characteristics of your Challenge numbers.

The four Challenges you are required to overcome during the course of this lifetime will influence you during different periods of your life, except for the Third or Main Challenge, which lasts from birth until death. The Challenges are fluid periods of your life, not confined to specific years so much as general periods. All of your Challenges are present at birth, like actors standing in the wings.

THE FIRST CHALLENGE

The duration of the First Challenge usually lasts from birth until approximately

the age of 30 to 35.

Your First Challenge is 7

You are highly skeptical of anything that cannot be proven to you. Bill, you are particularly doubtful of anything having to do with spiritual matters. It is, therefore, difficult for you to find a personal philosophy that would give you peace of mind and insight into the purpose of your life.

You repress many of your natural inclinations because they do not fit into your intellectual or rational thinking.

You are in need of the part of your being that you are now repressing: the child within.

All the characteristics that have to do with the irrational and holistic side of life -- spirit, humor, playfulness, and intuition -- are being shut out.

Bill, your challenge is to find some philosophy and, ideally, a community that will give you additional perspectives, and force you to bring out the many other characteristics that are a fundamental part of you. Otherwise, you risk loneliness and isolation.

Bill, you have to learn faith. When you consider that most of life is made up of the invisible world -- thoughts, emotions, insight, and love -- you can begin to appreciate that only a small part of life is within the domain of your senses.

You may have too much pride. You may experience a deep and humbling transformation that will set free the inner being you are keeping trapped within you.

THE SECOND CHALLENGE

The Second Challenge usually lasts until the age of about 35 to 40.

Your Second Challenge is 1

You must learn to be independent. Bill, you will be forced to stand up for yourself and your rights. You will be faced with situations in which you will have to choose between standing up for what you think is right versus giving in to another person's demands. You will have to struggle to strengthen and know your own will power.

You will have to learn to be firm and trust your judgment. Don't run with the crowd, be an individual. This whole lesson represents the frontiers of your consciousness. Therefore, you will have to experience much trial and error, sometimes exploding with bursts of aggression, other times being intimidated and letting frustration and anger build within you until you are ready to act on your

deepest instincts.

Bill, you will learn your own set of values; you will develop into an individual with original and innovative ideas.

If you have 1s in your core numbers or in your Hidden Passion this challenge will not be as difficult to learn, or as strongly felt.

THIRD CHALLENGE

This Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge.

As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward.

In short, this may be the secret to your success.

Your Third Challenge is 6

Your challenge deals with distorted idealism. Bill, your ideals are unrealistically high, making life difficult for you and others. You have a hard time being satisfied with anything you do, or with what others do for you. You lack gratitude. This prevents you from seeing the beauty in your life. You may also suffer from rigid thinking, which keeps you from having a clear perspective that would otherwise awaken you to the many good things you have received.

At bottom, this challenge is about having blinders on. You are unable to see a broader view, which makes you think you have all the answers. This keeps away information and perspectives that would be helpful to you.

Your desire to be of service to others is sincere. However, it may be blocking you from seeing the necessity of working on your own inner development.

Bill, you can be domineering and righteous, often telling others what is right and what is wrong. You often feel a lack of appreciation from others.

There is an opportunity to be of service, to teach and heal, but you will have to achieve a balanced perspective between your idealism and your resistance to personal transformation.

THE FOURTH CHALLENGE

The Fourth Challenge is most strongly felt during the latter part of our lives, beginning at the age of approximately 45.

Your Fourth Challenge is 6

(This Challenge is the same as the Third, as described above.)

PINNACLES

The Pinnacles are four long-term cycles, or periods, on our Life Path. Each Pinnacle represents a particular lesson we are working on. The first Pinnacle usually lasts from birth to between the ages of 30 and 35 (your specific Pinnacle periods are provided below). The middle two Pinnacles each last nine years. The last Pinnacle will stay with you for the remainder of your life.

The Pinnacles are very important. The transition from one Pinnacle to the next is always strongly felt. Your Pinnacles reveal the general conditions and events you will experience during the period. The Pinnacle describes the atmosphere, or the essential challenge you will be faced with.

You can prepare yourself for the times ahead by knowing your approaching Pinnacle number.

The transition from one Pinnacle to the next is usually prepared for approximately 2 years in advance. The latter part of that two year period is particularly strong. Bill, you will likely make some life-altering decisions -- marriage, job or career change, or any number of major changes in your character.

Perhaps the most strongly felt change -- internally as well as externally -- is the transition from the first to the second Pinnacle. This change usually takes place in your late 20s or early 30s -- the exact date depends on your Life Path number and is provided below. You begin to feel the impact of this coming change approximately two years prior. This is usually a difficult transition, but once crossed usually provides a clear sense of direction in one's life. It also gives you a much firmer sense of your identity. It is a gateway to maturity.

Your First Pinnacle (from birth until age 34) is 9

Bill, this is a period in which you must identify with some larger project or goal that is bigger than you. Your greatest satisfaction will be in providing for others, as well as for yourself. Those in business will draw much personal gratification in knowing that they are helping their employees support their families. Those involved in social activism -- a particularly appealing choice of careers during the 9 Pinnacle -- will feel themselves strengthened by the knowledge that they are advancing the safety and well being of society. The 9 Pinnacle is a time in which you apply your energies to the good of the larger community.

As a result, there is an element of self-sacrifice present. To some degree, you must subordinate your personal priorities to those of a larger cause. We are not suggesting martyrdom, but making a conscious effort on your part to strike a balance between the good of your milieu and your own personal desires.

This is a good time for financial growth and progress in business affairs. It is a period in which you face a large challenge and must give yourself entirely to it.

The 9 Pinnacle also promises much reward in drama, writing and art. You have a heightened esthetic sense, and any latent artistic talent you already possess will be enhanced and brought to the surface. If you have been in business, you may suddenly be drawn to the arts as a benefactor or patron, supplying support for theater productions or artists.

You will feel an increased sense of social responsibility and compassion for the many. You will want to help those less fortunate than yourself and will likely apply yourself to some social cause or philanthropy. This is a period in which you feel a greater love for the good of your community, country, and the world.

Interestingly, you are not restricted by prejudice or boundaries of class or country. You see humanity as a whole. Your love is not personal, however, but for the many.

Many under the 9 Pinnacle are drawn to religion or philosophy and have the capacity to spread some doctrine or teaching.

In short, you are highly idealistic. Bill, you will likely travel extensively during this period and meet people from many walks of life.

No matter what your area of expertise, you have a chance not only for success but for fame.

Your Second Pinnacle (from age 35 until age 43) is 3

This is a highly creative period. Bill, your self-expression is greatly enhanced. Your creative and artistic talents will peak. You should do everything possible to refine these abilities and make the most of them. Many under the 3 Pinnacle are drawn to writing, the theater, singing, and dance. Your chances of success are also heightened. Hard work in any artistic field that one has a talent for can result in much reward.

This is also a highly social and emotional time. You attract friends and admirers with your charm and gregarious nature.

You have the ability to inspire and motivate people. Your upbeat energy causes people to want to work with and for you.

This is a lucky period, as well. You can overcome problems with considerably less effort than in the past.

All of this can lead to self-indulgence and lack of productivity. Life is a little easier, which can make you less vigilant. You need focus and discipline. Under the influence of this Pinnacle, hard work is the key and the challenge to making the most of your opportunities.

Be careful of impulsive behavior or doing things on a lark. You must know your limits during this period. Be careful of your money; balance your accounts. Guard against disorderly thinking and behavior. Otherwise, you may do things

you regret or simply squander away so many opportunities.

Children born under this Pinnacle must be disciplined and kept from being spoiled. An early education in the arts will inspire the child to make the most of his or her artistic talents.

Your Third Pinnacle (from age 44 until age 52) is 3

(This Pinnacle is the same as the Second, as described above.)

Your Fourth Pinnacle (from age 53) is 1

Bill, this is a period requiring much independence, courage, resiliency, and initiative. You must bounce back after many difficult experiences. The challenge of this Pinnacle is to gain will power.

There is not a lot of support from others or from family. You must draw from your own strength. You will have to guard against self pity or surrender.

Keep focused on your dreams. This Pinnacle will require an iron will to keep hold of your goals, and also the flexibility to maneuver around difficulties, and bend with the winds of adversity.

This is a period of rapid self-improvement and growth. You will be forced to use every talent and capability you possess. You will need to be resourceful.

Bill, you must continually put out effort, but with it comes great reward. Without it, there is no accomplishment nor satisfaction, only a negative attitude toward life.

Be careful not to become too self centered, headstrong or self important. Be strong but flexible. Be open to the counsel of others, but make up your own mind.

The benefit of this Pinnacle number is a strong sense of your individuality and strength. You will know what you are made of. There are many hidden gifts in this period, perhaps the greatest of which is faith.

Your Pinnacle provides you with the characteristics of leadership, boldness, and daring. You will have many unconventional ideas and the skill and courage to make them a reality. Your abilities to manage and organize people and institutions are greatly enhanced. You have vision and confidence in the worth of your dreams.

These characteristics provide great opportunity for success and major accomplishments.

CYCLES

Like most stories, there are three great divisions of our lives: the First, or opening period, finds us groping to find our true nature; at the same time, we are trying to cope with the powerful forces that are present in our environment, our parents and the socio-economic conditions of our family, for example. The

Second Cycle, or middle period of our lives, brings about the slow emergence of our individual and creative talents. The initial part of this cycle -- the early and mid 30s -- represents a struggle to find our place in the world, while the late 30s, 40s, and early 50s, sees us with a greater degree of self-mastery and influence over the environment. The Third, or final Cycle, can represent a flowering of our inner being, such that our true nature has finally come to fruition. It is during this period that one has the greatest degree of self-expression and power.

Your First Cycle (from birth until age 25) is 8

You are under an extremely benevolent period for work, career, and financial reward. The key is hard work and the willingness to again dedicate yourself after setbacks or difficulties. Bill, you will have greatly enhanced abilities as a manager, organizer, and financial planner. You have a gift for seeing the broad picture and carrying out bold plans. You can gain financial freedom during this period. Business and career activities go well, but require much attention and commitment. You are being pushed to take control of your career or enterprise and bring it to new heights. It is a time when power falls to you, but must be used wisely and with purpose.

Your Second Cycle (from age 26 until age 52) is 1

This is a period of much intensity. It requires fortitude, courage, and flexibility. Bill, you will be forced to use every one of your talents in order to achieve your own personal individuality and independence. This is a period of integration and a focusing on your life's dream. Your grip on your direction will be tested, but somehow the resources are available to overcome any obstacle and emerge from this time all the stronger. It is a time requiring independence, resilience, and strength, but these characteristics become integral part of your personality. This cycle marks a time of progress.

Your Third and last Cycle (from age 53) is 2

This is a period of slow and patient development. Bill, you are acutely sensitive to your surroundings and highly intuitive. You possess a gift as a peacemaker and have tremendous power through gentle persuasion. Cultivate the talents of tact and diplomacy. Cooperate with others. Musical and other artistic talents come to fruition. Partnerships are important, requiring understanding and compromise. You need patience and flexibility, but you are under a gentle and benevolent influence in which others are happy to support you. Seek out beauty and harmonious environments, spend time in nature, and enjoy the peace of close companionship. This is a period of slow but steady progress.

TRANSITS

The Transits are the individual letters of your name that combine to form the Essence, which is the number that reveals a great deal about your year ahead. Your name can be seen as a piece of music that vibrates in time. Each note, or letter, has a specific duration and influence over the course of your life. Bill, your life, therefore, can be seen as a musical score, with the individual letters making specific contributions at given points, just as notes in a musical piece are played at specific points to give a piece of music its rhythm, character, and nuance.

The Transits appear as part of your Progressive Chart and will tell you much about specific influences taking place in your life during given years.

THE PHYSICAL TRANSIT

Your Physical Transit for age 70 is W

This is a time to let go of the past and accept change with open arms. The letter W introduces many new activities and exciting events. Bill, you will find yourself behaving erratically at times and totally unpredictable. You will have to control this tendency in order to prevent chaos and unpleasant results. This can be a time of explosive growth, but self discipline is absolutely necessary. You may find yourself involved in legal matters and in all probability on the winning end. Your health needs special attention during this period.

Your Physical Transit for age 71 is W

(The Physical Transit for age 71 is the same as that for age 70, as described above.)

Your Physical Transit for age 72 is W

(The Physical Transit for age 72 is the same as that for age 70, as described above.)

THE MENTAL TRANSIT

Your Mental Transit for age 70 is R

Bill, you have much understanding and insight during this time. It is a time in which you have to deal with money, power, and authority. You have an

opportunity to elevate your financial status and personal growth. This is a time in which you will meet the best and the worst. You have to exercise caution in everything you do and every decision you make. Be aware of your surroundings.

Your Mental Transit for age 71 is R

(The Mental Transit for age 71 is the same as that for age 70, as described above.)

Your Mental Transit for age 72 is R

(The Mental Transit for age 72 is the same as that for age 70, as described above.)

THE SPIRITUAL TRANSIT

Your Spiritual Transit for age 70 is H

Bill, your mind will be very active during this year. Your thoughts are surprisingly unconventional. You come up with original, even inventive ideas. This is an ambitious time and self-promotion will pay off. Advancement and success are possible. You have self-discipline and a clear understanding of what you want. Emotionally you are a little vulnerable and in need of love and attention.

Your Spiritual Transit for age 71 is H

(The Spritual Transit for age 71 is the same as that for age 70, as described above.)

Your Spiritual Transit for age 72 is H

(The Spritual Transit for age 72 is the same as that for age 70, as described above.)

ESSENCE

The Essence Number and the Personal Year Number are the two essential indicators of the forces that will influence your life during the course of any year. While the Personal Year runs from January to January, the Essence is most strongly felt from birthday to birthday. For example, if your essence number is 8 for the year 1988, you would begin to feel the influence of that 8 most powerfully after your 1988 birthday. The influence would begin to wane during 1989 and

would finally end at your birthday of 1989.

The Essence number indicates the lessons you will be dealing with during that year. It says a great deal about how you will perceive your environment. It also gives clear advice on how you can be most successful during the year, that is, which types of behavior will be supported by your milieu, and which ones will be less effective.

Your Essence at the age of 70 is 22/4

This is a period of enormous demands and, consequently, the chance to achieve greatness. Bill, you will find yourself at the center of some larger movement or social cause. Power has come to you, but you will need every ounce of strength to accomplish the task that lies before you.

You now serve some greater social good. Selfishness, pettiness, and timidity will cause you much trouble. They are antagonistic to everything that you have set your sights on.

Now is a time to build some great and lasting edifice. That edifice may be physical -- a building or a business, for example -- or it may be social -- advancing a truly worthy social cause. Whatever it is, it has come to you from a higher plane, or what might be termed the archetypal world.

You will see this truth everywhere you look. Practically speaking, people's well-being -- their livelihoods or general attitudes -- rests in a large measure with what you do. People naturally look to you for leadership and inspiration. Bill, your vision is truly wide and distant in scope. Your actions have dramatic effects. Therefore, you are more cautious and responsible with what you do.

This can be a sensitive period. You are being asked to live according to higher ideals. Your values must be above reproach. Avoid disagreements; be magnanimous and patient with others. Take the slower, sure path toward problem solving. Get sufficient rest and take care of your own personal needs. Be balanced in your activities. Avoid excessive work.

Pay attention to detail without losing your vision of your longer term priorities. You are now building a foundation for something that will serve a greater social good. Think big and take practical steps to ensure that your dreams become reality.

Your Essence at the age of 71 is 22/4

(The Essence for age 71 is the same as that for age 70, as described above.)

Your Essence at the age of 72 is 22/4

(The Essence for age 72 is the same as that for age 70, as described above.)

PERSONAL YEARS

Your Personal Year number is a strong indication of the trends and circumstances you will experience during the year ahead. Your Personal Year cycles are based on the Universal Year cycles and therefore run concurrent with the calendar year. Transit and Essence cycles are based on the letters of your name and run from birth date to birth date.

There are nine personal year numbers, which makes up a complete Epicycle. Each Epicycle reveals the progression or evolution of a specific part of your growth. Bill, your progress along this Epicycle can be seen very logically, from the infancy or beginning of a growth period in your life, to the conclusion or culmination of that process. The 1 personal year indicates your first steps in a new direction. The years that follow indicate your progress along this path, concluding with your 9 Personal Year, which completes the cycle. Below is a description of your current Personal Year. It indicates where you are on the 9 year Epicycle.

The Personal Years form the building steps that mark your progress through life.

Your Personal Year for 2016 is 9

This is your year to finish up all unfinished business, Bill, to clean house and make room for new things. On a material level this is a good time to get rid of unnecessary weight, to give away or sell what you do not need anymore and to pay off old debts. On a spiritual level you will experience a different mode altogether. Your attention should turn to others and their needs, find ways to be of help and give time and energy to worthwhile causes. You must lighten your burden of questions and doubts and the best way to do so is by directing your attention to another direction, away from yourself and you will find yourself becoming lighter and more in touch with your self. This is a time of completion, problems can be solved and over with, strained relationships relax or disappear, the sources of stress in work or business can be better understood and dealt with. Be social and communicative, enjoy music and other arts. Bill, your creativity is higher than usual. There can be some difficulties this year due to your desire to face obstacles and overcome them, decisions have to be taken and courage and strength may be severely tested several times, this is not going to be an easy year all the time but you will feel relieved and on the brink of a positive breakthrough by the end of this year. This is the end of a nine year epicycle and will you will feel many times the excitement of a new and promising era when optimism is your friend but you will also experience the fear of letting go, however the more you let go the more room there is to be filled during the next

epicycle.

Your Personal Year for 2017 is 1

Be ready for major changes. Bill, you will be inspired to start new projects or enterprises. You will feel a strong forward push toward new goals.

This is a time for vision and planning. Share your dream with others; make plans, get the necessary support, but, above all, rely on yourself as the driving force. Be decisive!

You are starting a new nine year Epicycle. Everything you do now will affect your future. Do not hold back the inner force of creation. Be direct, daring, and bold.

You will have more confidence and determination this year, particularly in comparison with last year, which was a time of letting go. This year represents a time of birth. It's a time to take charge and to apply yourself to your dream.

This is also a good time to make the personal changes you have long wanted to make: Start a diet and/or an exercise program, or begin a new course of study.

There may be some emotional turmoil, especially in the first two or three months. It takes a while to get the ball rolling. There are many changes you must make and much work to be done.

Be open-minded, organized, and focused. Avoid distractions and procrastination.

Bill, you are at a crossroads. You will need courage and a clear head to stay on the right track.

This is a year of opportunities.

The key months in your year ahead are March, in which you are able to lay the foundation to your plans; April, in which changes take place such as a change of residence or career; July and August mark a time in which you will see the fruits of your labors begin to take place; October represents a major turn in events, often fraught with emotional turmoil; the fall marks a coalescing of your plans into more concrete form.

Your Personal Year for 2018 is 2

Bill, this is a year to carefully protect and nurture your plans. You will be like a mother watching over her children, conscious of every threat, real or imagined.

You need tact and cooperation to keep yourself moving forward. There will likely be confrontations with others, requiring a subtle and gentle approach. You will have to stay focused on your goals, yet use intelligent persuasion. Being forceful may work against you; compromises will work in your favor.

You will be unusually sensitive and may wonder at times what happened to the drive and momentum you felt last year. This year requires something else from

you now -- a delicate sense of balance and a willingness to go around obstacles, without losing sight of your goal.

You may experience some emotional depressions and frustrations. The year is marked by struggle, but there are many opportunities to advance your plans.

This is a year of slow growth, requiring patience.

Be discriminating in your associations and secretive about your plans. Don't talk too much about your ideas; be a bit secretive; guard yourself and your ideas. You are somewhat vulnerable this year.

This is a good year to improve yourself through reading and research. Bill, your growing awareness of the less visible and less obvious aspects of life will make you much stronger and better prepared for the future.

You must be wise in all your relationships and associations this year. You are far more capable of establishing close, even life long relationships this year. Because sensitivity and openness are heightened, many people find their "soul mate" in a two year.

May is the pivotal month in the year. You are extremely intuitive and sensitive. You are also self-reflecting and better able to influence your peers and situation through spiritual awareness. July brings a culmination of plans and a distinct step forward. August sees things become more concrete and brings a new beginning. September is emotional, requiring adjustments, tact, and inner resolve. The 2 year is a year of growth and advancement, but through gentle means, and the indirect use of your personal power.

PERSONAL MONTHS

Your Personal Month for January 2017 is 2

Bill, January is a 2 Personal Month in a 1 Personal Year. This is not a month to make important choices or decisions without a lot of careful consideration. Begin this process by taking a critical look at your current state of mind.

This is a month of some confusion and self-doubt. More mercurial than usual, you will likely switch from optimism to pessimism, and back again. This is to be expected when you are right in the middle of a major personality overhaul.

January is your first month of a new long-term cycle. Many of the changes you are going through require approximately two years; you have now begun the second of those years. Bill, your transformation can be compared to a low-level reformat of your inner hard-disk. When the job is done, much of the information is replaced, gaps are closed, and the bugs are ironed out. You can look forward to a time of greater self-confidence, more energy, and a refreshed and more positive outlook on life.

A 1 Personal Year, 2 Personal Month is highly charged in the areas of romance and friendships. You may well meet someone who will touch your heart deeply.

Friendships intensify and can be very comforting and healing.

You will likely find yourself being helpful to others, particularly as a counselor or adviser. The energies implicit in the month give you greater sensitivity to feelings -- yours, as well as those of others.

You will be tactful and capable of creating harmony where there was turmoil. At times, you may be overly sensitive, and may not handle criticism well.

The month starts slowly and with some difficulties. However, once you've passed the mid-point, you increasingly gain confidence, direction, and momentum toward your goals.

Your Personal Month for February 2017 is 3

Bill, February is a 3 Personal Month in a 1 Personal Year. It brings objective reasons for optimism. Now there is a sense of promise in the year. You see your direction a little clearer. There is a sense of beginning. This causes you to lighten up and become more social, especially during the latter part of the month. People are attracted to your upbeat attitude. You attract support from unexpected sources.

A new project ignites your excitement, energy, and motivation, all of which you are able to communicate to others.

The real work does not start until next month, and for that reason, this month offers some time for planning, as well as leisure and rest.

You are quick-witted and your sense of humor is enhanced. Friends are drawn to you and there will be plenty of invitations for social events.

Romance is exciting and promising. Bill, your self-expression is improved and you feel more comfortable talking about your feelings, your expectations, and your dreams.

Your Personal Month for March 2017 is 4

Bill, March is a 4 Personal Month in a 1 Personal Year and is the time to deliver; to show yourself and everyone involved that you are able and willing to do whatever it takes to reach your goals. It is a month to put your nose to the grindstone and to work on all the details.

This is also a month in which your ability to plan and organize future events is greatly enhanced. So, too, is your clarity of mind. You gain confidence in your abilities and yourself. It's time to move; to make things happen. Do not procrastinate. Do not avoid work or effort.

Slacking would be a serious mistake.

The month can be a little frustrating because so much of your energy will have to be directed to work and details, even routine matters. But this is a time that will

likely bring forth an important opportunity, and result in real progress.

It's surprising, therefore, that against such a serious and work-oriented backdrop, romance can bloom. Someone is impressed with your down-to-earth, go-getters approach and your can-do mentality. Bill, you will find yourself in demand.

Your Personal Month for April 2017 is 5

Bill, April is a 5 Personal Month in a 1 Personal Year. It brings change in many practical areas of your life. As explained earlier, this year and last combine to bring about major changes. April brings many of these changes to the surface. They can include a change of residence or in career.

The month often includes travel. You can count on a dynamic month, hectic even, but also adventurous and exciting.

Consequently, the month requires flexibility and a willingness to accept change. Adapt. Respond. Embrace change. The more you allow yourself to flow with the circumstances, the easier and more successful this month will be. Be ready for surprises, but don't worry; the changes will streamline your ship and make your progress easier and more efficient.

Bill, your ability to promote yourself and your ideas is also enhanced. You have an uncanny talent to be in the right place at the right time this month. Both at work and at social events, you'll be able to advertise your talents and abilities. People will be drawn to you.

With all this excitement, it may be hard to concentrate and focus on the job at hand. You'll need self-discipline in order to prevent the scattering of your energy. Unless you concentrate, you may realize at the end of this month that you did not get a lot done.

Romance reveals a self-indulgent and perhaps irresponsible streak in you and should be handled with the utmost care.

Your Personal Month for May 2017 is 6

Bill, May is a 6 Personal Month in a 1 Personal Year. Love is a strong possibility and may require commitment. It is a month of responsibility, unselfish giving, and a willingness to devote time and energy to the needs of others. Domestic and community affairs move to the foreground of your life.

Sometimes, this combination of numbers causes long slumbering discord between couples to surface and be dealt with.

Consequently, this combination can represent both extremes of relationship -- either deeper commitment and more lasting love; or separation and divorce.

Honesty is essential to the positive development of the month. You may find

yourself tempted to take the easy way out in some awkward situation. However, white lies can turn ugly and become very destructive, particularly during this time.

In general, this is a good time for career and financial matters, as long as you are wise and careful. Be sure to avoid speculation or chance-taking.

This month may get you involved in a legal affair and, if that is the case, you can look forward to a positive outcome, as long as you stick to the truth and behave honorably.

During a 6 Personal Month, 1 Personal Year, your ethics and moral values -- more than at any other time -- are crucial to your success.

Your Personal Month for June 2017 is 7

Bill, June is a 7 Personal Month in a 1 Personal Year and offers time and opportunity for contemplation and insight.

Career and romance do not require as much attention as your own inner need to understand your motivations and desires. Don't make the mistake of feeling guilty for not carrying your load, or for not working hard enough. This is a month to set aside time for yourself. Look inside, get a better idea of what you want out of life, and don't be afraid to confront yourself. This is a spiritual time and a wonderful opportunity to gain insight into your true motivations and desires.

Your career should not require much attention; just keep up your sails and let the wind take care of the rest.

Financially, this is a time to be conservative. Let friends coast on their own. This is a month to devote to the inner you.

Your Personal Month for July 2017 is 8

Bill, July is an 8 Personal Month in a 1 Personal Year. Career and finances are at the top of all your priorities. Work hard and wisely. Combine practicality and vision. This is not the time to sit and stare into space, but to be on your toes, to keep your eyes wide open, and refrain from taking any unnecessary risks. For professional gamblers, this can be a very profitable period, but for those of us who live according to the simpler laws of effort and reward, this is a month to stay with the tried and true. All affairs related to money should be handled with the utmost care. But let me be clear: This month is a rewarding time, and your chances that events will take a positive turn are great. If you are wise and cautious, you may increase your bank balance considerably. Nine-out-of-ten people in this combination -- 8 Month, 1 Year -- increase the strength of their financial positions.

This month brings strong emotions in personal relationships. Chances are good that someone has been trying to take advantage of you. Moreover, this realization leaves you disappointed. The situation will eventually be resolved, but

the healing will likely take time.

If you are not yet romantically involved, this month may introduce you to someone special through work or business.

Your Personal Month for August 2017 is 9

Bill, August is a 9 Personal Month in a 1 Personal Year and promises some important changes. The previous year -- a 9 Personal Year and this year, your 1 Personal Year -- are considered a two-year block of time in which much wrapping up of old business, habits, and personal relationships are finally put to rest. This month, your 9 Personal Month in your 1 Personal Year, represents the concluding stage of that two year period. The last quick sweep of outdated concepts and expectations, confusions and doubts is done.

With the beginning of next month, your inner house will be thoroughly cleaned. There will be a few moments of unexplainable emotional upsets, melancholy, and such, but they are essentially the remnants of the old you. Share those feelings with someone close to you. Take comfort in heart-to-heart talks. Still, do not doubt that you now have both feet firmly planted in the new 9 year cycle. You are ready to move ahead.

If your love relationship is fairly recent, Bill, or still fragile, this month will likely reveal whether it is of true substance and endurance. Let go of whatever wants to be free; hold on to what wants to stay. And then look to a brighter future.

Your Personal Month for September 2017 is 1

Bill, September is 1 Personal Month in a 1 Personal Year. You experience an increase in inner strength, independence, and individuality. Your health improves. You are more emotionally stable and ready to aggressively pursue your goals.

This is also the time to bring about practical changes that you have long contemplated as essential to your health and happiness. This combination of numbers inspires smokers to quit, over-eaters to modify their diets, health abusers to reform. It is unmistakably the dawn of a new era in your life.

Read the Decoz material on your current Pinnacle number again (see your Personal Reading - the Pinnacle Cycles), for a good understanding of the direction your life is taking.

If you are single, Bill, you may encounter someone during the second part of this month, or the beginning of next, who may well become a permanent part of your life.

Your Personal Month for October 2017 is 2

Bill, October is a 2 Personal Month in a 1 Personal Year. Your intuition and sensitivity are heightened. You are much more aware of feelings, your own as well as those of others. This may cause you to make mountains out of mole-hills, however. Still, you possess the ability to gently guide others, and to maintain harmony even in potentially discordant situations.

This combination of numbers represents opposites, yin and the yang -- the most masculine number 1 and the most feminine 2.

The result is that you experience the best of two worlds; the strength and confidence of the leader, and the tact and subtlety of the diplomat.

Bill, you may experience an increase in your authority at work.

Romance and all heart-centered relationships are central to the events of the month. If single, you will meet someone special. If involved, your relationship will likely become stronger and love stronger felt -- by you and by your loved one.

You are more vulnerable to criticism than usual, which can cause outbursts of anger. By the end of the month and the beginning of the next month you may realize that an apology is both wise and in order.

Your Personal Month for November 2017 is 3

Bill, November is a 3 Personal Month in a 1 Personal Year. It is an excellent time to inspire and motivate others.

Your enthusiasm is contagious and no obstacle is too great to overcome. You have little patience this month and would like everything to go much faster. Your mind goes at Mach speed but may scatter your energies. You will be all too willing to cut corners to avoid effort or details, which may result in a frustrating and over-worked December.

Be disciplined and follow projects through to completion.

Ideas come popping out of you. Bill, your creativity seems to burst in all directions. The trick is in differentiating between iron balloons and those that truly float.

The opposite sex is attracted to you and temptation is part of the game. There is the danger of irresponsible behavior. Be careful.

Your Personal Month for December 2017 is 4

Bill, December is a 4 Personal Month in a 1 Personal Year. It brings opportunity and frustration. Stay focused on your goals and work hard. It is an excellent month for career with much opportunity for progress, due partly to last month's optimism and enthusiasm. You have impressed people, some of whom are now ready to offer you the proverbial carrot. There is a hitch; you may not feel you are ready, and a little courage is required.

Another aspect of this combination of numbers is the frustration caused by

your inability to force a direction of your own choosing. You may feel caught in a trap, stuck in a rut. Bill, you have to be willing to maintain a high level of effort, because this is definitely not a time to quit, no matter how frustrating the current period may be. Even in matters of the heart, you may feel stuck in the mud.

Patience and diligence are the key-words for this month.

Your Personal Day-by-Day Forecast for May 2017
